

Ohio Digitization Interest Group 3rd Qtr meeting notes

- Friday, Sept 14, 2007, 11:15 AM-1 PM.
- Program: "The Ohio State University's Institutional Repository: How Policy Informs Practice" (link: <http://hdl.handle.net/1811/29257>)
- Speaker: Maureen Walsh, Metadata Librarian/Assistant Professor and Tschera Connell, Dept. Head/Associate Professor, both from the Scholarly Resources Integration Department, OSU
- Host: Tschera Connell.
- Lunch: Brown bag
- Site: Ackerman Library, Second floor, Rm 5826, The Ohio State University Libraries, Columbus

About 30, a record attendance, were present for the kick off of our third year.

Institutions represented included Cleveland State, OCLC, OhioLINK, OHIONET, Ohio Historical Society, Ohio State, Ohio University, Ohio Wesleyan, State Library, University of Cincinnati, University of Dayton, University of Toledo, Worthington Public, Wright State, also Kent State Library School--Columbus students and recent graduates. (Sorry to anyone I left out. Perhaps we should institute a sign-in sheet.)

The excellent presentation slides can be downloaded from OSU's Knowledge Bank in PDF (<http://hdl.handle.net/1811/29257>), so I will not reproduce here. (I did take a lot of notes, but it's all covered in the slides.)

About 22 attended lunch and the networking meeting. I believe that's a record for the post-presentation portion of an event! Lots of good energy, ideas, and sharing -- it ended too soon.

We went around the table and folks updated us on news from their institutions/projects.

Upcoming program ideas:

- CONTENTdm metadata harvesting with Cleveland State presenting
- Digital library accessibility, 508 compliance, perhaps Wright State presenting
- Digital library usability with Laura Chang from the Kent-Columbus library school
- Digital preservation with Linda Newman, UC
- Digitization project management
- Shareable Metadata

We need folks to come forward and volunteer to both present and host! (It is a short presentation so in the past we have not brought folks in, but rather we've relied on ourselves to share knowledge.) OHIONET, OHS, and OCLC can usually host, so let me know if you have a subject and date and I will set it up.
