

OhioDIG Meeting

January 22, 2015

State Library of Ohio, Board Room, State Library of Ohio, 274 E. First Ave, Columbus

Program: "US Copyright Law and Fair Use"

Speaker: Sandra Aya Enimil, head of the Copyright Resource Center at The Ohio State University Libraries.

Enimil gave information on copyright law in the US and provided insight into fair use. Fair use and other exceptions provided to libraries and archives under the United States Copyright Act was discussed in depth. Fair use frequently functions as an exemption to the copyright law for educational and socially important purposes such as teaching, research, criticism, commentary, parody, and news reporting. There was also discussion on the history of copyright, using copyright-protected work and the public domain.

Enimil was unable to share her slides with us, but has many resources to offer at <http://go.osu.edu/copyright> and <http://go.osu.edu/fairusechecklist>
