Zaineb Matthew	Bayahy Cook	Capital University	Strategizing for digitization program and figuring out what will work best for the institution.
Kayla Ryan	Harris O’Grady	University of Dayton	The Digital Preservation team is looking at digital preservation systems. Would welcome your thoughts on what systems Ohio Diggers are using. Work continues on digitizing archival materials, handling ETO’s, the scanning of pamphlets, and building the digital rare book collection – the first of which just went up.
Andrew	Harris	Wright State	Work continues on various projects. Question on practices by other Ohio Diggers on the collection of Newsletters. PDF was once more common but now practice has shifted toward HTML – such as Mail Chimp, Constant Contact, etc. – how are your organizations collecting these?
Sarah	Whybrew	Otterbein University	Scholarship digitization projects underway. Digitizing university football and marching band films and adding to d commons. Permanent funding for digital commons is an issue. Looking at various options.
Allison	Neumann	Lorain Public Library	Library digitization program is just starting – currently working on building a website. Also working through physical collections to determine which collections to start with.
